

County Sunday School Association

Organized Here on Wednesday at Convention of Teachers

—James L. Case Chosen President—Several Prominent Speakers Heard.

A convention of delegates from 23 of the Sunday schools of New London county was held on Tuesday afternoon at the Broadway Congregational church, beginning at 11 o'clock called together to consider the formation of a New London County Sunday School Association. James L. Case, vice president of the State Sunday School association, presided and the devotionary exercises were conducted by Stephen A. Prentiss of New London, one of the county directors.

The details of county organization were explained by Rev. J. W. Rae, general secretary of the State association, explaining that one of the strong points in favor of a county organization was in enabling the State association to collect its statistics, raise its revenue

and carry on its work in each school of the county through the county organization. The first object of the county association was in the affirmative, and a committee of three—Rev. C. H. Ricketts of this city, Rev. Charles Smith of New London, and a representative from the city of New London—was appointed to form plans and report at the afternoon session.

Needful Knowledge

Norwich People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, head-aches and dizzy spells may occur and the feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Norwich proof. D. J. Brown, 6 Summer Street, Norwich, Conn., says: "The results that followed the use of Doan's Kidney Pills in my case were most satisfactory. I prepared this remedy at N. D. Sevin & Son's Drug Store, and in view of my experience, can heartily recommend it as an excellent preparation for toning up the kidneys and relieving all complaints due to disordered kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Spectroscope.
Originally the spectroscope was applied only to chemistry and in that limited field proved itself an invaluable aid in accurate analysis. By holding in a bunsen flame a platinum wire moistened by contact with the skin the presence of a few grains of salt swallowed a few minutes previously can be detected with the spectroscope. Indeed, so wonderfully refined is the work of the spectroscope chemist that he can discover in a substance the presence of one three-millionth of a grain of metal.

He Saw How It Fell.
An Irishman who was visiting America for the first time was lost in admiration of the Niagara falls when a friend asked him:

"Well, Pat, and what do you think of this? Isn't it a grand sight? There's nothing in the old country to come up to it. See how it falls?"

"Faith, I see how it falls," said Pat; "but, shure, there's nothin' to hinder it."

Indications Favorable.
"Is he careful with his money?" "I don't know. I never saw him handle any of it."—Cleveland Plain Dealer.

THE Porteous & Mitchell COMPANY

Exhibit Of Fine Gowns

The special exhibit and sale of fine costumes which began here yesterday was a marked success.

We are not surprised at this, in fact we would be much surprised were it otherwise. In the world of fashion the name of Madame Macauley is one to conjure with, and when we present to the ladies of Norwich an opportunity to see the handwork of this eminent gown-maker, in their home store, and best of all to try on the gown and see how it will appear, it is not surprising that they respond to the invitation in large numbers.

Madame Macauley will be here two more days—Today and Tomorrow—and we again extend an invitation to call and see these handsome gowns. You will be welcome.

Continued Today

The special sale of Dress Goods which began here yesterday will be continued today and until lots are sold.

As the quantity is limited—2500 yards—we urge the advisability of taking early advantage of this special offering.

Remember—they are all this season's goods—made for the most particular trade—and are offered at a price which means a substantial saving.

They are regular \$1.00, \$1.25 and \$1.50 Dress Goods at.....

to have men who are critical judges of clothes come here to see what we have.

We like to show our fine clothes to the fellows who think ready-made clothes are not good enough for them or fellows who think they can't be fitted.

The fact is, the man who goes to a tailor when he can buy such clothes as these, ready, is behind the times; and the man who thinks he can't be fitted in ready clothes, needs to be educated.

Hart Schaffner & Marx clothes will fit you and they're better than any you can have made. Priced \$20. to \$30. for Suits or Overcoats.

FIVE BIG TEAMS NOT SCORED ON.

And Six of the Leading Eleventh Unbeaten So Far.

Just half a dozen of the more important football eleven have gone along in winning fashion so far and all but one of these have clean slates. Harvard, Dartmouth, Princeton, Cornell and Annapolis have subdued all comers without losing a point, while the only blot on West Point's record is that mild goal of Captain Daly of Yale. The Crimson looks richer in football skill as the season progresses, and so does Cornell. Dartmouth appears to be on the way after a slow start, and there is also a lot of encouragement for Princeton's supporters.

In the west, Minnesota looms up as the probable champion of its section. Georgetown and Virginia are unbeaten and unscored on southern teams. The Springfield Training school and Trinity also rank with those who have yet to taste defeat.

The sensation so far is Yale's defeat. Other important slates have already been laid low are Pennsylvania, Brown and Carlisle.

Pennsylvania State looks very showy in the matter of touchdowns. It has picked up 28 in three games, but only one of the three opponents was a college eleven. Eighteen touchdowns were made in the last game.

Yale is the real leader in this respect, with 21, while Minnesota is the best in the west, with 22. Touchdowns have been scored as follows: Penn State 28, Cornell 17, Harvard 15, Yale 11, Princeton 12, Dartmouth 10, Wesleyan 7, West Point 5, Williams 5, Brown 5, Annapolis 5, Ursinus 3, Indiana 3, Trinity 10, Syracuse 3, Springfield Training school 4, Lehigh 2, Amherst 3, Aggies 2, Bucknell 2, Michigan 1, Tufts 1, Vermont 1, Wisconsin 1.

The records of the various eleventh follow:
